Nell – what might she expect of Integrated care and services?

- Case study
 - 96 years old
 - Mild asthma, diabetes, glaucoma
 - Poor mobility
- Care and treatment
 - Day centre, daily carers, District Nurse, GP led

**Person
centred
care?**

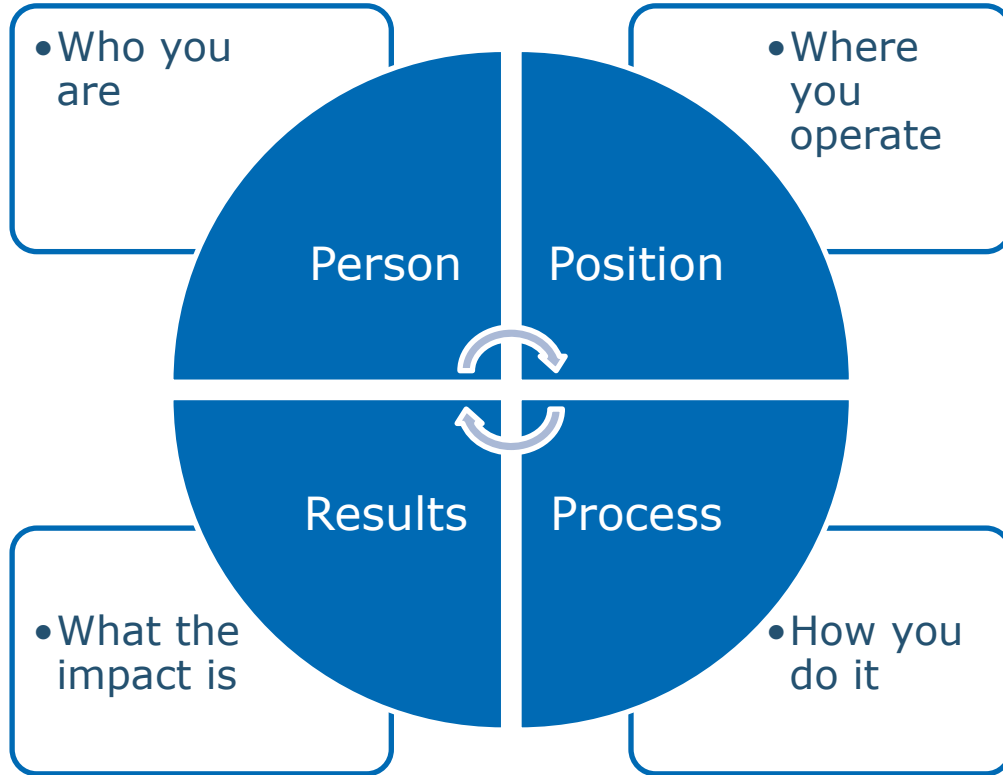

**Integrated
care?**

What are the challenges?

What knowledge, skills and experience are required for the delivery of Integrated care?

What difference does leadership make?

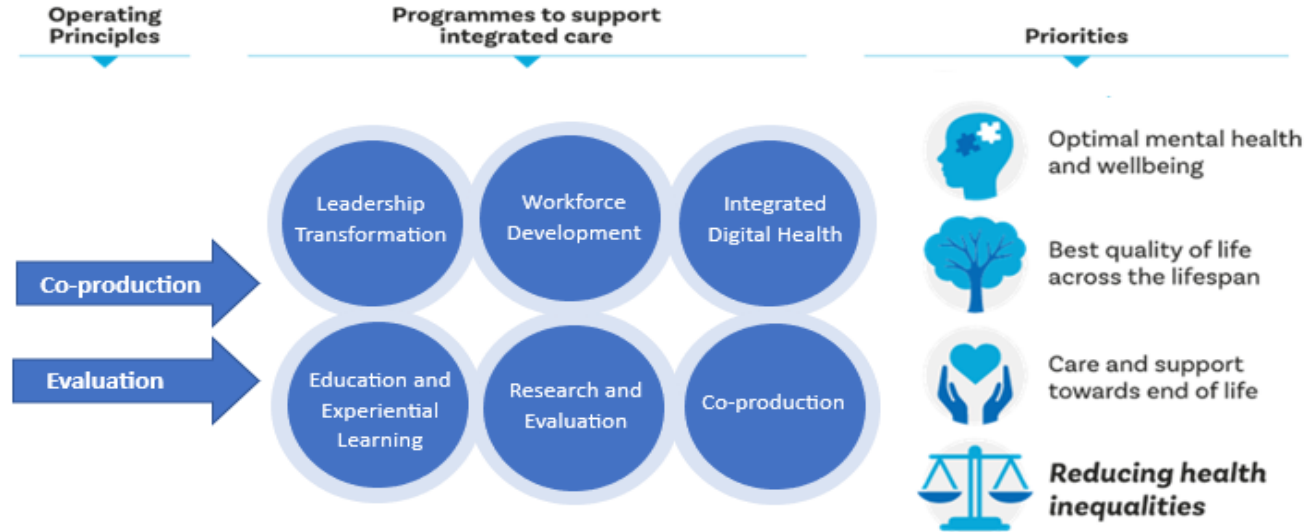

Perspectives on Leadership

Integrated Care Academy

A unique partnership that seeks to
“enable the best possible integrated care accessible to all”

How we work

Leadership Transformation

Professor Mark Shenton
Leadership Transformation Lead

Programmes Delivered:

- Integrated Care Fellowship Development Programme
- One Team

What's Coming?

- Integrated Care Fellows new cohort
- Development of an Alumni related to all our programmes
- Coaching, Mentoring and Facilitation Programme

“It's helped inspire better integrated working with allied health professionals. So, we're quite lucky now, I'm a driver for change and improving things.”

– Integrated Care Fellow

Education & Experiential Learning

Associate Professor Rachel Heathershaw
Education Lead

Programmes Delivered:

- SEMBA in Integrated Care
- MA in Professional Practice
- A core integrated care curriculum

“Not having an extensive background in health, studying for the MBA in Integrated Care has given me a solid academic foundation in some of the key principles of what it means to work in an integrated care system. Having applied theory to real case studies and debated with a broad range of ICS colleagues in my cohort, I now feel more confident to be the change we all want to see.”

- MBA in Integrated Care student (2023)

What's Coming?

- Delivery of existing programmes
- Expansion of integrated care curriculum into undergraduate and postgraduate courses
- Capture the impact of the post graduate programmes through a staged evaluation plan
- Create an integrated care learning space to support undergraduate programmes and real-life application
