

UKPHR Public Health Practitioner Verifier Training

Are you willing to share skills, knowledge, and expertise...?

The London Practitioner Registration Support Scheme

The London Practitioner Registration Scheme provides a mechanism for practitioners to attain public health practitioner registration with the UK Public Health Register (UKPHR) we currently have 25 practitioners working towards registration. Practitioners are provided with support and guidance through action learning sets, masterclasses and peer mentoring. The London Scheme is known for its robustness and quality assurance as well as for prioritising the professional development of our public health practitioner workforce.

An opportunity has arisen to be trained as a UKPHR accredited verifier to support practitioner registration for the London practitioner workforce

Through independent scrutiny, verifiers perform the vital role of confirming the assessment process has resulted in a portfolio of evidence that meets the standards. Verifiers are responsible for the recommendation of portfolios to the UKPHR Registration Panel for professional registration.

Verification has two stages:

- Stage 1:** The initial verification check of the assessment by the verifier independently
Stage 2: Discussion of the initial verification at a verification panel meeting, at which recommendations are made to the UKPHR

The capacity to dial into 1-2 verification panels and verify a minimum of two portfolios over a period of 12 months is required.

Time commitments (within a 12-month period)

Activity	Duration
UKPHR Training Course	3 hours (virtual)
Independent verification of two portfolios	Maximum 1 day
Verification panel	1 hour per panel
Annual development and update workshop	3 hours (virtual)
Total	2 days

Are you eligible?

Verifiers must be:

- A registered public health specialist with the GMC, the GDC or the UKPHR. You can be retired, if you remain of good, professional standing.
- In good standing and to have held a consultant or senior specialist post or a post of equivalent responsibility.

Training and support

All verifiers must attend a half day training course (held online) accredited by the UKPHR. This is **free to attend** for verifiers. Additional support is provided through buddying, teleconferences, webinars and further development

Value of being a verifier

- Increased networking opportunities.
- Personal and professional development.
- Fostering an understanding of the practitioner workforce and supporting the wider development of the Public Health workforce
