

Middlesbrough

G O O D F O O D L O C A L

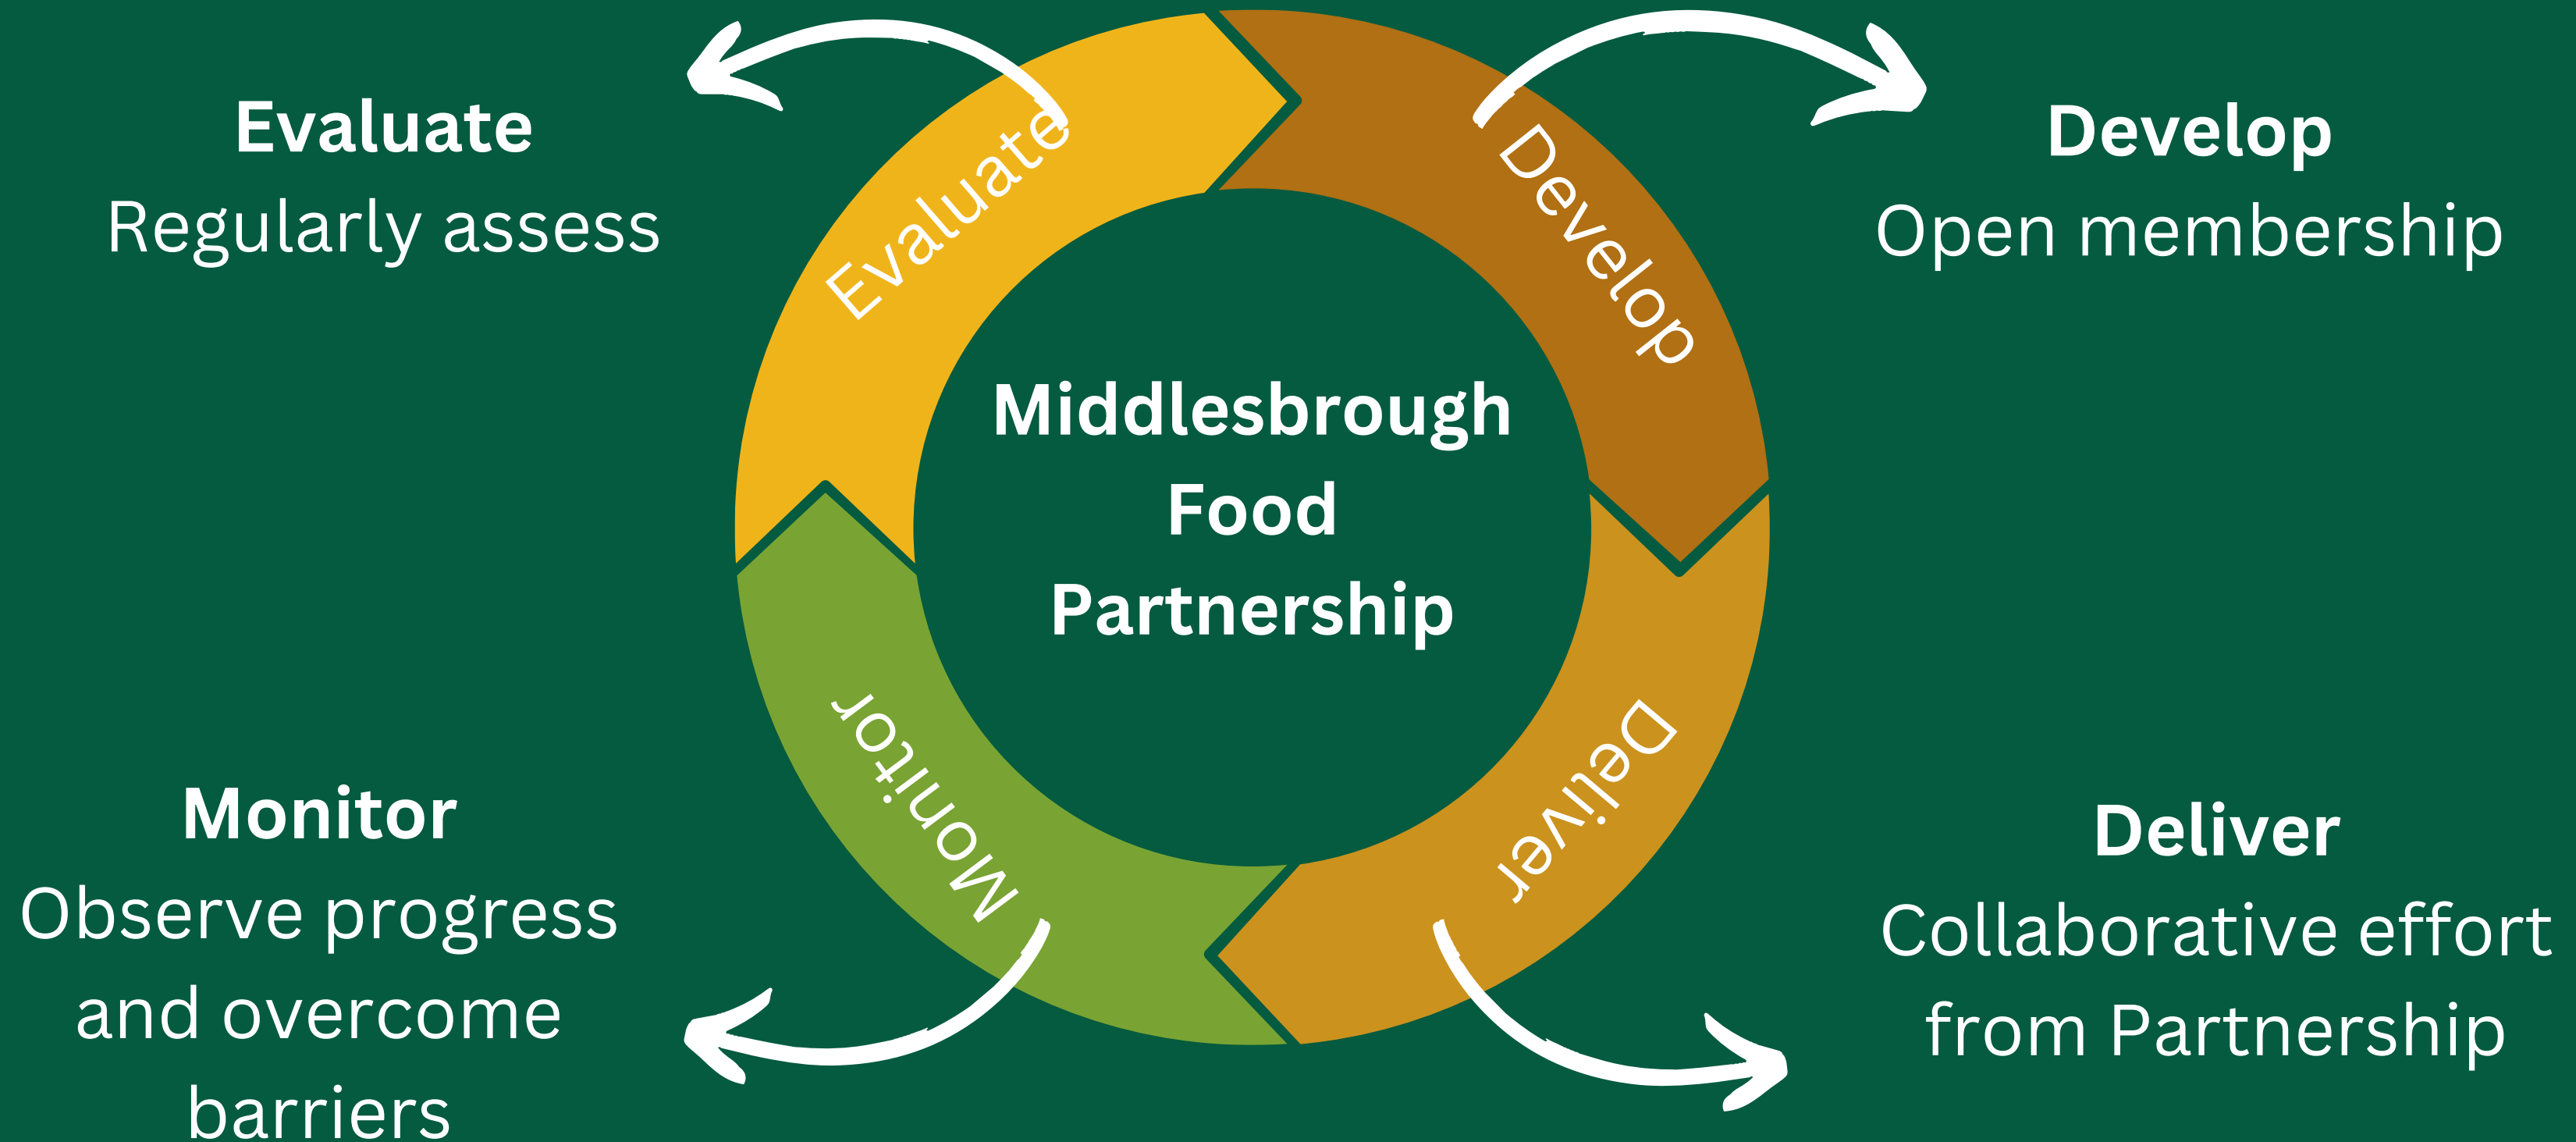

Introduction

Established in 2010 and coordinated by Middlesbrough Environment City, the Middlesbrough Food Partnership serves as a central hub and connecting network for all food-related initiatives in Middlesbrough. Our vision is to create a community where residents have access to good quality, healthy and affordable food that is locally sourced wherever possible.

Our Journey and Future Progression

Local Authority Engagement

- Public Health representation from the start
- Dedicated officer time
- Food partnership built into Creating Healthier Environments Programme
- Food action plan steers public health work
