

The aim of the Snapshot is to provide a monthly Sector-Led Improvement (SLI) update to DsPH and their public health teams. The Snapshot is produced and managed by [Aimee Stimpson](#) and [Jodie Horton](#). If you have something that you would like included for the next issue, please get in touch.

1. The Accelerated Access Collaborative's (AAC) Innovation for Healthcare Inequalities Programme (InHIP)

The AAC Board set the direction for an innovation programme that will focus on addressing healthcare inequalities in the five clinical areas outlined in the Core20PLUS5 strategy. This programme will provide national support to enable AHSNs (Academic Health Science Networks) to identify, and support ICSs to scale, evidence-based innovations (including new digital products, devices, diagnostics, or medicines) to help address local ICS healthcare inequalities improvement priorities. The high-level aim of the programme is to enable accelerated access to innovations for people suffering healthcare inequalities across the five clinical areas of focus outlined in the Core20Plus5 approach. The submission deadline for funded project proposals is at 17:00 on 14 October 2022 to: aac.innovation@nhs.net

2. Vaccine Engagement SLI Programme- Network Reporting Template

Background:

ADPH and LGA have received funding from NHSE for a national SLI Programme to support the uptake of the COVID-19 vaccine. Funds have been allocated to each ADPH network to be spent according to regional needs with the objective of supporting vaccine uptake, facilitating the collection of practice and insight and supporting the promotion and implementation of lessons learnt.

Reporting cycle: Written updates are encouraged on a regular basis, and an end of programme report from each network will be requested in December 2022. These will include key achievements against the outlined objectives, insights gained through the process and update on next steps.

Our South West plan of action is to begin a regional bid process for local areas to apply for from the national SLI funding. This will cover both adult and childhood immunisations. We hope the bid process provides the opportunity to help a local area to try out something new in increasing vaccine uptake and engagement and improve health outcomes within the SW. Moreover, new ideas based off lessons learnt from COVID vaccination outreach work are welcomed also. There is potential to use successful case studies of COVID vaccination outreach to see if the same approach can also work for other immunisations programmes. An expectation would be for the bid winners to report back on progress and lessons learnt to bring back wider with other areas in the SW to spread promising practice with others.

More information around the planned regional bidding process will come to DsPH in October, please contact Jodie.Horton@southglos.gov.uk for more information.

3. Update on ADPH PAG Activity

ADPH has developed a document (embedded below) to capture the most recent activity being undertaken by all of our PAGs. They continue to welcome representation from every region and encourage support in promoting the groups and upcoming activity. [Click here to open the PDF.](#)

Overview of PAG activity - August 2022.

If you have any comments or questions, please contact the ADPH Policy team at policy@adph.org.uk.

4. 175 Year Celebration of Directors of Public Health #DPH175

ADPH 175 Awards | Nominations now open

This year ADPH is celebrating the 175th anniversary of the very first Medical Officer of Health (now known as a Director of Public Health) being appointed. As part of those celebrations, the ADPH are hosting a special event to follow immediately after the Annual Conference on Wednesday 30th November 2022. The event will combine a short awards ceremony, a keynote speaker, and a Q&A session about the importance of the DPH role. The [Awards](#) are an important opportunity to recognise and celebrate the valuable contribution DsPH and their teams make to national public health and wellbeing. As well as recognising individual good practice and service there are two awards recognising the dedication and commitment of wider public health teams. The [8 Award Categories](#) available for nominations are:

Directors of Public Health* can be nominated for:

- National Impact Award – CMO's award
- Contribution to ADPH Award
- Innovative Practice Award
- Partnership Award
- Mentoring Award
- Research Award

*A former Director of Public Health can be nominated providing they left their role within 2022.

Public Health teams can be nominated for:

- Quality Improvement Award
- Team Award

Further information about the awards including Frequently Asked Questions can be viewed [here](#). The closing date for entries is 10am on Monday 17th October 2022.

Should you have any questions or comments about the nominations process, please do not hesitate to contact membership@adph.org.uk.
