

ADPH

Alumni Membership

Alumni membership

The ADPH has a long and proud heritage in supporting Directors of Public Health across the UK to improve and protect health and reduce inequalities.

As part of the organisational strategic direction, the ADPH is delighted to expand its membership to include former DsPH who are willing to remain connected and further support the ADPH mission.

Alumni membership offers access to exclusive benefits such as discounted events, opportunities to engage in national policy work or providing mentoring support to aspiring DsPH.

Eligibility

Alumni membership is open to those former DsPH from across the UK who have been in a substantive post for at least one year.

Board and Council Elections

Alumni members do not have voting rights and cannot hold national elected positions within the Association but are encouraged to otherwise engage with the ADPH work.

Elements of the offer

Reconnect with colleagues

The ADPH are keen to reconnect with former DsPH. A number of networking events are planned throughout the year and Alumni can benefit from discounted access to:

- ADPH Annual conference (autumn)
- AGM lunch (spring)
- ADPH masterclasses and workshops

Become a mentor

Those with relevant experience may be invited to participate in the ADPH mentoring scheme supporting Public Health Consultants and Deputy DsPH, which form the Associate membership. By sharing experience and reflecting on own practice mentors provide support and guidance to members who are on a course to becoming a future DPH.

Stay informed

The weekly newsletter keeps all members up-to-date with the news and activity from ADPH and across the PH system, as well as details of upcoming events and opportunities for involvement.

Access resources

As a former DsPH Alumni are also granted access to the ADPH eForums. This secure online platform is designed to offer further opportunities to exchange good practice and resources.

Help shape public health policy

Alumni members are invited to join the Policy Advisory Groups (PAGs). PAGs consist of ADPH members with a common interest in a given policy topic and provide an opportunity for involvement in policy-setting at a national level. Some of the many policy topic areas include:

- Air Pollution and Climate Change
- Alcohol and Drugs
- Housing
- Mental Health
- Obesity
- PH workforce

Other engagement opportunities

ADPH is always keen to hear from members therefore a membership survey will be sent out periodically to facilitate feedback collection. Additionally, you will have an option to remain informed of any ad-hoc engagement opportunities targeting Alumni specifically.

Join today for free

To become an Alumni member, please complete and return the [application form](#) on our website.

Alumni membership is free of cost.

If you have any questions or comments regarding the Alumni membership offer, please contact us at membership@adph.org.uk.
